

# V1.0.16

## RELEASE NOTES

(v1.0.16 – November 17, 2025)

A separate installation guide is available with the installation download link:

<https://streamline.tech/stormwise-download-links-and-resources-v1>

This release introduces **StormWise Access Manager**, a new standalone desktop application designed to handle license management for StormWise and ICPR4 software products. The license management functionality has been decoupled from the main StormWise desktop application to provide greater flexibility, security, and centralized control over license activation and usage.
